GEN. & REV. SECTT. 29 MAY 1934

Sir,

I have the honor to state that the Executive Engineer, B. & R. Br. Chitaldrug Division stated in his letter No.73/P dated 20th December 1931 that there is a great need for a steam road roller for use on District Fund roads and the same may be purchased by the District Board.

The question of purchasing one roller as per suggestions of the Executive Engineer came up finally before the Board at its meeting held on 21st April 1934 and they have resolved to purchase the same, the cost being met out of the savings of the Railway cess interest of Rs 20,291 effected on 1932-33.

A copy of the resolution of the District Board is herewith enclosed for kind reference.

I request you to kindly obtain sanction of Government to the resolution of the Board and intimate the same to me early.

From:

The Secretary to the Government of His Highness the Maharaja of Mysore,
Development Department.

To

The President,
District Board, Chitaldrug
(THROUGH THE DEPUTY COMMISSIONER, Chitaldrug Dist.)

Sir,

With reference to your letter No.C.359/33-34 dated 22nd May 1934 requesting sanction to the resolution of the District Board to purchase a steam road roller for use on District Fund roads out of the sum of Rs20,291 under Railway Cess Interest saved in 1932-33, I am directed to request that the price of the steam roller may be stated. As it would not be regular to charge the amount to the accounts of the year 1932-33, a source for meeting the cost in the budget estimates of the Board for the current year may be pointed out.

I am to add that it is not desirable to get too heavy rollers for these light roads and that six or at the outside eight ton Fowler or other roller would be suitable.

I have the honour to be,

Sir,

Your most obedient servant,

GENERAL SECRETARIAT 10 OCT. 1934 L. S. G. BRANCH.

Sir,

With reference to your letter No. L -33-2, dated 1st/6th Sept. 1934, I have the honor to state that the price of steam road roller costs about Rs.8,000/- (copy of the letter received from the Executive Engineer, Chitaldrug, is herewith enclosed for your kind reference) and this cost may be met from this year's railway cess interest. This being a heavy sum it is not possible to meet this from any budgetted provision but there is a balance of Rs.19,574/- after deducting a sum of Rs.32,026 provided for in the budget of 1934-35 for original and other works out of the railway cess interest amount and this may be met from this balance amount.

I therefore request you to kindly obtain sanction of Government and intimate the same to me early.
